

Journalistic Analysis

Your assignment is to prepare to write an article to accompany the image you were given. Take time to carefully study the image details. Then use the space below to brainstorm a list of questions you would need answered in order to write the article about this image. Be deliberate and creative about the point of view from which you would choose to write the article.

A large, empty rectangular box with a decorative, wavy border. The border is composed of a repeating pattern of small, interconnected loops, creating a scalloped or zigzag effect. The interior of the box is completely blank, intended for students to write their brainstormed questions.

Questioning Activity

Use this template to create a die. Write the following question words on the faces: Who, What, Where, When, Why and How. To further encourage critical thinking, create a second die with the following words on the faces: if, would, could, should, might, may. Then have students roll the dice to help brainstorm questions about an image.
